

Review the Ch. 8 lecture notes & demo programs. Write 5 good True/False questions based on the main topics and vocab words of our study of Ch. 8. Circle the answer on this worksheet.

True False 1.

True False 2.

True False 3.

True False 4.

True False 5.

Write 5 good Fill-in-the-Blank questions where a Ch. 8 vocab word is used to fill in the blank. Fill in the correct answer to these questions.

6.

7.

8.

9.

10.

Write 3 good "Write Out the Code" questions where you specifically describe what kind of statement or block of code the student must write. Focus these questions on topics from Ch. 8 (e.g. Show method statements, Hide method statements, For Each loop, etc.) **YOU MUST PROVIDE THE ANSWER TO THESE EXERCISES. USE ADDITIONAL PAPER IF NECESSARY.**
