

Identify the following items by labeling them with the given numbers: construction statement (1), instance field (2), "other" constructor (3), explicit parameter (4), method (5), object variable (6), default constructor (7).

```
public class Ch2Demo3
{
    public static void main(String[] args)
    {
        Bot robot = new Bot("Fred", 50, 60);
        Bot bobot = new Bot();
        System.out.println(bobot.getName());
        System.out.println(robot.getName());
        bobot.move(30, 40);
        System.out.println(bobot.getPosition());
    }
}

public class Bot
{
    public Bot()
    {
        this("", 0, 0);
    }
    public Bot(String newName, int myX, int myY)
    {
        name = newName;
        x = myX;
        y = myX;
    }
    public void move(int xDist, int yDist)
    {
        this.x = this.x + xDist;
        this.y = this.y + yDist;
    }
    public String getName()
    {
        return name;
    }
    public int getX()
    {
        return x;
    }
    public int getY()
    {
        return y;
    }
    public String getPosition()
    {
        String position = getX() + " " + getY();
        return position;
    }
    private String name;
    private int x;
    private int y;
}
```
