

End of Year Survey

Name –

Course this year –

Class Period –

What computer science class are you hoping to take next year? (check one or none) Realize that if you are a VB student, you must earn a final grade of A to be eligible for AP Java. If you are an Honors C++ student, you must earn a final grade of A to be eligible for AP Data Structures. Also realize that Honors C++ students may enroll in Honors Java next year and, if you are only a junior next year, that would still give you room to take Data Structures during your senior year.

Honors Java

AP Java

Honors Data Structures

AP Data Structures

Have you registered or are you planning to register for Mr. Minich's summer camps at Penn State Berks this summer? (check all that apply)

Introduction to Web Design (July 27 – Aug 1)

Java Programming (July 20 - 25)

If you are a C++ student, are you planning to serve as a teaching assistant at one or more of Mr. Minich's CMPSC 101 (C++) summer classes at Penn State Berks?

Yes

No
